**INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(d)**

SIR:

Pursuant to 37 C.F.R. 1.56 and 1.97(d), Applicant brings to the attention of the Examiner the documents listed on the attached PTO Form 1449. These documents were first cited in a search report received from the European Patent Office in a counterpart European application (copy attached hereto for convenience of Examiner).

Applicant draws the Examiner's attention to the fact that the European Search Report was based on the claimset as originally filed in the above U.S. case, and not the same amended claimset recently allowed.

This Information Disclosure Statement is filed under 37 C.F.R. 1.97(d) after a notice of allowance, but before payment of the issue fee. In accordance with 37 C.F.R. 1.97(e)(1), it is certified that each item of information contained in this Information Disclosure Statement was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement. The fee

required in connection with the filing of this Statement is estimated to be \$180. Please charge this fee, and/or any other fee(s) that may be required in connection with filing this Statement, to Morgan, Lewis & Bockius LLP Deposit Account No. 50-0310.

A copy of this sheet is enclosed.

Applicant respectfully requests that the Examiner consider the listed document and evidence that consideration by making appropriate notations on the attached PTO Form 1449.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each of the listed documents are material or constitute "Prior Art." If it should be determined that the listed documents do not constitute "Prior Art" under United States law, Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claims of the present application.

Respectfully submitted,

**MORGAN, LEWIS & BOCKIUS LLP**
